### Metamark (UK) Limited

Metamark House, Genesis Business Park, Woking, GU21 5RW, UK  
Luneside, New Quay Road, Lancaster, LA1 5QP, UK

**Warranty:** Metamark (UK) Limited warrants to its customer that graphics and markings produced using Metamark MetaCast® Digital Media and / or MetaGuard MGC Cast Laminate will remain in satisfactory condition for a term no less than that defined in the technical literature. If within the term as outlined, Metamark, at its sole discretion, judges that graphics and markings produced using its materials have suffered unacceptable degradation, Metamark will provide sufficient materials to enable the production of replacement graphics or markings. Metamark further warrants that its materials will be supplied free of defects incurred in manufacturing and undertakes to replace, free of charge, any materials it judges to be defective upon examination. For full warranty information, visit [www.metamark.co.uk/support/metamark-warranty](http://www.metamark.co.uk/support/metamark-warranty)

Performance you can trust

# MetaCast®

Cast Digital Wrap Film

# MetaCast® | Cast Digital Wrap Film

## MetaGlide® Air Release

Next generation micro channel air release system for optimal performance with enhanced repositionability, slideability and a high adhesive strength.

## 1600mm Roll Widths

MetaCast® is available at 1600mm width, allowing vehicle doors to be wrapped in one drop without joins.

## 3D Conformability

Engineered using the latest cast film technology, the 50 micron film enables superior performance on full vehicle wraps, deep channels and recesses.

## MD Class Print Quality

Metamark Digital films ensure best in class print quality. Wide colour gamut, vibrant tones, and out of the box printer compatibility. Compatible on Solvent, Eco-Solvent, Latex and UV.

## MetaSure 10 Year Warranty

MetaCast® is manufactured for long term dimensional stability and its performance is assured by our MetaSure 10 Year Warranty. For full warranty details, go to [www.metamark.co.uk/support](http://www.metamark.co.uk/support).

## Why choose MetaCast®?

MetaCast® is a premium digital cast film that delivers versatility for vehicle wrapping professionals, MetaCast® enables limitless creativity and is engineered to provide confidence in the ability to conform to complex channels and reposition with ease of application. MetaCast® takes the performance of cast to redefined heights. It exceeds requirements of printing hardware, demanding applications and affordability. MetaCast® is performance redefined.

## MetaCast® MDC

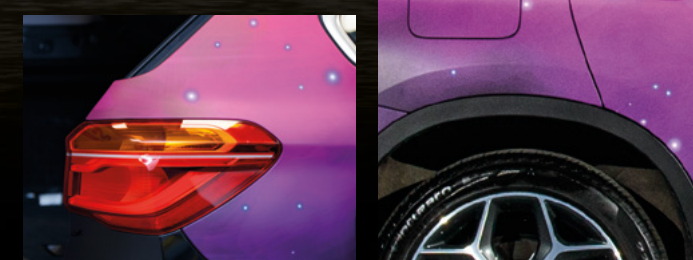

Cast Digital Wrap Film with MetaGlide®

With enhanced layflat performance, easy handling, smoother repositioning and total adhesive confidence, MDC offers the ultimate performance for full vehicle wraps. Featuring MetaGlide® adhesive technology, giving complete confidence when fitting into 3D channels and recesses. The grey adhesive ensures vibrant graphics and minimal substrate show through.

## MetaGuard MGC

Cast Wrap Film Overlamine

Matched to MetaCast® MDC, this premium overlamine provides a finished system to prevent tunnelling or delamination. It is highly conformable with great ease of application and has been engineered to give long term dimensional stability whilst providing durability to the print. Backed by our MetaSure warranty. Available in high Gloss or low lustre Matt.

## MetaCast® MDC

Cast Digital Wrap Film with MetaGlide®
