

MetaGuard 300 Series

Intermediate PVC Overlamine
(Matched to MD3)

MetaGuard 300 is a 70 micron* high quality overlamine suitable for medium term applications, and is available in three finishes, gloss, matt and sandtex.

It features a solvent-based Apex adhesive, suitable for lamination of interior or exterior applications, including point of sale, signing, exhibition and displays, vehicle graphics and applications onto most flat or gently curved surfaces.

Performance you can trust
